LIBBY PRISON.

The Material of the Famous Structure in the C. & O. Wreck at Springdale.

Some months ago mention was made in the papers of the sale of the famous Libby prison. A Chicago man was the purchaser, and the structure was to be removed to the "Windy City" and placed on exhibition. It was dismantled and the brick, stone, lumber and other material loaded on cars preparatory to the removal. The work was finished a few days since, and the shipment was made from Richmond, Va., by way of the C. & O. Railroad.

Yesterday morning a west-bound C. & O. freight train was wrecked a few hundred yards east of Springdale by the breaking of an axle on one of the cars. Four or five loaded cars and several empties were derailed and ditched. It was learned last evening that the material of the dismantled prison was in the wreck. There are several car-loads of the old lumber and brick scattered about the scene. The curiosity-seekers of the vicinity are availing themselves of the opportunity to secure a relic of the prison.

The next annual meeting of the General Association of Kentucky Baptists will be held in this city about the 20th of June. It has been forty-three years since the association last met in Maysville.

The approaching meeting promises to be largely attended. About four hundred ministers and delegates are expected. The association embraces all the Baptist churches in the State. Many prominent ministers are expected to be present during the meeting.

The association will be in session several days. The meeting will be held in elegant new church recently dedicated.

H. E. Huntington has conveyed a tract of land near Milldale to the K. C. for \$49,129.99.

Lexington has subscribed \$35,000 to secure the car shops of the N. N. and M. V.

The vote was 377 to 53.

The Baltimore and Ohio now has under construction 71 locomotives, 500 box cars, 300 flat cars, 4 baggage cars, 6 postal cars and 26 passenger coaches, all of which will be in service by July 1.

Weekly Crop Bulletin.

The following is the weekly crop bulletin of the Kentucky State Weather Service in co-operation with the United States Signal Service:

The weather for the past week as regards its effect upon the crops was somewhat of an improvement over the preceding one. The drouth was partially checked and the crops greatly benefited by the light but well-distributed showers which fell during the week. Rain and plenty of it is required, however, to insure favorable crop prospects. The present week has still further increased the rainfall deficiency. The normal amount at Louisville from January 1 to date is 17.73 inches, while the actual amount which has fallen in that time is only 10 inches. In April only about one-fifth of the normal amount for that month fell.

The weather during the week has been generally cool and cloudy, with brisk winds and light frosts. Crops on low ground have not suffered much as yet, but those on light, sandy soil have been greatly retarded.

There is a general complaint of scarcity of tobacco plants, and from the present outlook the indications are that less than an average acreage will be planted. Corn planting is about over, and hemp sowing is progressing rapidly.

CHARLES OWENS and wife, colored, have conveyed a lot of ground near Lewisburg to Benevolent Society Lodge No. 1, a colored organization of that precinct, for \$150.

A DEMOCRATIC meeting will be held next Saturday at Reetorville. All candidates are invited and are expected to make a speech. The meeting will be held at 4 p. m.

THE rattlesnake sent to Mr. S. S. Riley by some of his Vaneburg friends last week was shipped this morning to the Zoological Gardens, Cincinnati, by Mr. Will Gibson.

CAPTAIN WM. E. AUSTIN, the veteran carrier of the BULLETIN, is celebrating his fortieth birthday to-day. He has been connected with this office for the past twenty-five years.

THE Sons of Temperance will give a supper and entertainment at their hall in court house next Friday night. Admission only 10 cents. Ice cream, cake and other refreshments will be served. All invited. 734t.

ELDER LEWIS BRISTOW, pastor of the Christian Church, (colored) at Germantown, died last night. "Chic," one of the BULLETIN's correspondents, says the deceased was popular among both whites and blacks.

MESSRS. W. E. GRIMES and John T. Bramel have formed a partnership and will engage in the furniture and undertaking business at Myall & Shackelford's old stand near the postoffice. The new establishment will be opened in a few days.

MOST of the workmen in the C. & O.'s gravel-pits at Russell struck against a reduction of their wages from \$1.25 to \$1.10 a day. There were sixty-five employed at that point and forty-five quit work. The strike seems to be quite general along the road.

THERE may be better goods for sale than those Ballenger, the jeweler, offers, but they are not to be found in Maysville. His gold and silver watches are the best manufactured, and are correct time-keepers. If you intend buying anything in the jewelry line you will regret it if you don't call on Ballenger.

THE annual report of the Tuckahoe Ridge Turnpike Company has been filed in the County Clerk's office. The balance on hand April 1st, 1888, was \$23 71. The tolls collected the past year amounted to \$556.50. The sum of \$515.55 was paid out during the year for repairs, keeping gate and building a toll house, leaving a balance of \$64.66 on hand.

SAYS the Cincinnati Enquirer: "Colonel Bob Lynn was in the city Saturday and received a warm welcome from his host of friends. He goes from here to Maysville. He reports that Marshal Woodin has lately become the father of a bouncing boy. Marshal is now living on a fine farm in Virginia, surrounded by some of the best horseflesh in the country."

THE newspapers may talk week in and week out of the doings of tricksters and sharpers, but it will not prevent some fool "sucker" from being landed by the buncoists. A wealthy farmer near Washington C. H., O., was beaten out of \$6,000 Saturday by two three-card-monte workers, and that, too, after he had been warned to be on his guard. Fortunately for the old man, one of the fellows was captured soon after with \$3,000 of the boodle in his pocket.

Entitled to the Best.

All are entitled to the best that their money will buy, so every family should have, at once, a bottle of the best family remedy, Syrup of Figs, to clean the system when costive or bilious. For sale in 50 cent and \$1 bottles by all leading druggists.

The Newest Fashions.

[Exchange.]

Tight coat-sleeves are out of fashion.

Black is now stylishly worn with any color, from the palest to the deepest.

Moire ribbon is as much in favor upon lace gowns as it was last summer.

Lilac and wistaria will be favorite flowers for ornamenting summer lace bonnets.

Yoke waists are now as popular for grown folks as they have been for children for the last two years.

Enamel violets hanging thick from a slender gold chain make the handsomest of the new flower necklace.

The combination of blue and black is now so much in favor as to seriously threaten the long supremacy of green.

Many of the new silk wraps have a boa of Chantilly lace down the front and are heavily trimmed with fine cut jet.

A feature in skirt trimming this spring is the straight panel hanging loose over one side and of a stuff entirely different from the dress.

Many of the handsome new gingham will be lined with silk and so elaborately beribboned that they will cost more than a gown of silk throughout.

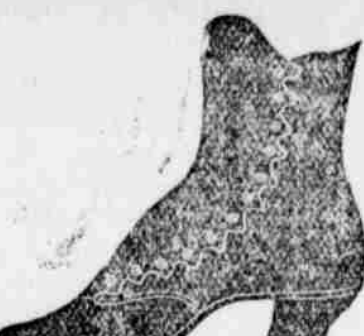

Many of the new straight skirts are plaited on the belt, but they are much more stylish if shirred three or four inches deep and drawn to fit the foundation skirt.
